

### RECOMMENDATIONS

ATA recommends a 5 to 7 night stay to experience all ATA offers including any a la carte activities. This allows enough time for hiking a half or full day to a variety of destinations such as a waterfall and mountain top vista. After a half day hike guests participate in kayaking on a flat water lake or one of the extremely fun local rivers; exploring a quaint town, such as Woodstock or Tyson; or even visiting local excursions, such as the Maple Museum, Cabot Cheese, Long Trail Brewery, Quechee Gorge, Vermont Country Store and much more! For those interested, we visit a beginner cave weekly. Going underground, we explore big rooms with smaller side passages where guests may possibly find ice until late August. A surprise awaits the brave explorer who reaches the last room in the rear of the cave, it's a sight you would never expect to see! For more information, see our [Daily Schedule Page](#) .

If you would like to participate in yoga every day, please choose the [Hiking and Yoga Program](#) , so we can arrange to have an instructor dedicated to you. We cannot guarantee a class with last minute requests.

If you would like to have a massage every day, please choose the [Hiking Spa Program](#) , so we can arrange to have a massage therapist dedicated to you. We cannot guarantee daily massages with last minute requests.
